

Tega Eco-Flip Skirt Sealing

Tega Eco-Flip Sealing System is an eco-friendly skirt sealing. The flip-able features makes it unique & cost-effective. The revolutionary Tega rubber with low hardness & low abrasion loss property makes it unique and suitable for wide range of application

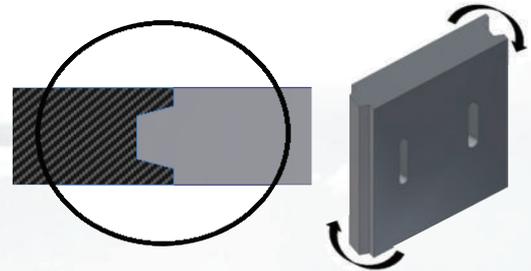

Features

- ✔ Innovative flip-able features resulting in longer life of the sealing system.
- ✔ Dove-tail design of the block ensures complete sealing at the loading station.
- ✔ Improved ratio of wear length to block height to suit wide range of sealing requirement.
- ✔ Less free surface requirement compared to double-contact sealing system.
- ✔ Less disposable rubber makes it environment- friendly.
- ✔ Different block sizes as per application need.

Side Skirt Modules

Side Skirt Modules	
Standard Module Light(mm)	Standard Module Heavy(mm)
1000	1400
800	1200
600	1000
400	800
N/A	600
N/A	400

Variation of wear length with height			
Wear length(mm)	65	80	100
Skirt height(mm)	175	205	220

**Clean, Safe
Uninterrupted
Conveying**
